WELCOME BACK TO SCHOOL, KIDDOS!!!

School is in! It's time to ready your books, stuff your backpack, and tell your mom to prep her most tummy-tastic baon! For me, learning has always been a fun endeavor. I prefer subjects like Science, Language, and History because, not only do I enjoy reading but the knowledge I've gathered from these subs have been able to help me out the most in life. Math though, not so much—I've never been good at it and it's not my fave! I'd rather face an army of zombies than tackle a difficult math equation. Lolz! The awesomesauce thing about an education is that it allows us to discover new things about the world we otherwise wouldn't have noticed before. Science teaches us about the wonders of nature and how to take care of our environment. Language forces us to exercise the power of words. History gives us the chance to travel back in time in order to understand the present. So if you're dreading wearing that school uniform and boarding your rowdy school bus, just remember, school can be cool if you make it! And if you're still bummed out, just dive into our savage BACK TO SCHOOL issue for a leet lesson in awesomeness. This one is GRADE A!

YOUR INSANE-IN-THE-MEMBRANE PRINCIPAL OF COOL,

CAMPAIGN IS COOL AS ICE.

K-Zone: Hey, Sofia! Are there any other figure skaters that you look up to?

Sofia: Well, locally I look up to Michael (Christian Martinez). Before the Olympics, we trained together in Switzerland. I admire him and sometimes ask him for advice.

KZ: Cool! Do you have a favorite figure skating move?

S: I like the Biellmann Spin!

KZ: Who's your fave superhero?

S: I think Black Widow is awesome.

KZ: What do you and your squad do during break time?

S: We usually play lots of board games or Frisbee. We make sure to do active stuff 'cause I get bored if we're just playing on our phones.

KZ: If your life was a fairy tale, how would you describe it?

S: I was born with dislocated limbs, so I can say that a fairy godmother fixed me. And then Tinkerbell helped me jump higher when she sprinkled some pixie dust on me. And in the end, I'll have my happily ever after. LOL!

>>>GET SCHOOLED!<<<

REGULAR SCHOOL IS FUN (RIGHT? RIGHT?), BUT DON'T YOU SOMETIMES WISH YOU COULD ATTEND A FICTIONAL INSTITUTE INSTEAD? TAKE THIS ENTRANCE EXAM TO FIND OUT WHERE YOU'D BEST FIT IN.

1. Why are you excited to go to school?

- A • 'Cause I can finally hang out with the squad! I hardly saw them during summer vacay.
- B • Well, I'm kind of an outcast everywhere else outside of school.
- C • I can't wait to break some rules! *smirks*

2. Let's talk school steez. What's your pick?

- A • Long, flowing robes for that srs 'biz academic look.
- B • Sick jumpsuits so I can look like a superhero!
- C • Shirts in solid hues—and just in primary colors to keep it simple.

3. How would you spend your recess time?

- A • By going on deadly scavenger hunts
- B • Preventing a looming apocalypse
- C • Exploring strange new planets

4. If you could get to school by any means of transport, you'd choose...

- A • A majestic, old-school train.
- B • Dude, I can phase through walls! I don't need a school bus.
- C • A spaceship, obviously!

5. Pick a textbook that you'd deftly read even if it wasn't required:

- A • Defeating Dark Lords For Dummies
- B • Mutant and Proud
- C • Life Hacks: Outer Space Edition

6. How do you plan to get straight A's this year?

- A • Ask my super-smart best friend to tutor me
- B • Read the teachers' minds
- C • Charm everyone and cheat occasionally

If you answered mostly A's,

your letter from Hogwarts School of Witchcraft and Wizardry is arriving by owl anytime now! Get ready for a magical school year and stay away from bullies who use too much hair gel.

If you answered mostly B's,

you've just been accepted into Xavier's School for Gifted Youngsters! Are you X-cited yet? (Lol, we had to.) Don't be afraid of all the blue people—they're totes cool.

If you answered mostly C's,

Scotty's beaming you up to the Starfleet Academy! It's not in outer space, but look on the bright side: Can you imagine the bland, freeze-dried cafeteria food if it were?

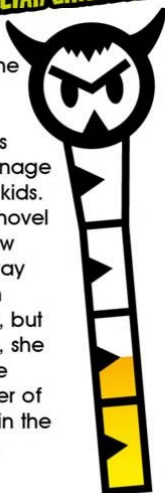

MENTOR MENA

WE USE THE K2 TERROR TEACHER METER TO MEASURE SOME OF THE MEANEST MOVIE MENTORS.

ALMA LEFAY PEREGRINE

MISS PEREGRINE'S HOME FOR PECULIAR CHILDREN

Miss Peregrine is the mysterious headmistress of an orphanage for peculiar kids. Fans of the novel already know that she is way creepy from head to toe, but deep inside, she serves as the loving mother of every child in the orphanage.

COACH BOOMER

SKY HIGH

If you think gym class is hard, imagine having Coach Boomer A.K.A. Sonic Boom as your gym trainer. Scary, right? His booming (See what we did there?) megasonic voice is both effective in calling out slackers and scaring the pants off of any student.

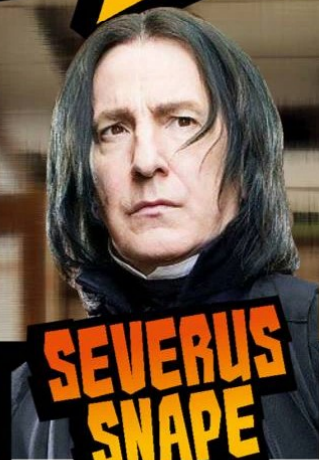

NANNY MCPHEE

NANNY MCPHEE AND NANNY MCPHEE RETURNS

Need someone to handle naughty kids? A call to this whimsical nanny will do the trick. The eerie Nanny McPhee lives by the rules of discipline and magic, and they sure came in handy for raising all seven of the Brown kids.

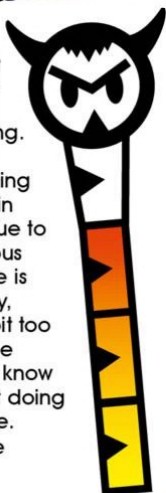

GE METER

**SEVERUS
SNAPE**

HARRY POTTER SERIES

Severus Snape is the prof that we all hated in the beginning. He had *HP* fans scratching their heads in confusion due to his ambiguous alliances. He is cold, creepy, and a tad bit too strict, but true Potterheads know that he's just doing it for the love.
#DontJudge

**DEAN ABIGAIL
HARDSCRABBLE**

MONSTERS UNIVERSITY

Hardscrabble is known as the Dean of the School of Scaring, and a legend in Monsters U for setting the All-Time Scare Record—before Mike and Sulley did it. And to quote our respectable dean, "If you're not scary, what kind of monster are you?"

**DARTH
SIDIOUS**

STAR WARS

Darth Sidious made it clear that he deserved to be the top dog after luring Anakin Skywalker to the Dark Side. This malevolent meanie also trained two of the most fearsome Sith Lords to ever exist in the *Star Wars* 'verse—Darth Maul and Count Dooku. Disagree and he'll Force Lightning you back to Naboo!

WHEN THE MASTER IS AWAY...

I REALLY REALLY
REALLY REALLY
REALLY REALLY
REALLY REALLY
MISSED YOU.

WE LOVE OUR PETS TO THE POINT WHERE WE TREAT THEM LIKE PART OF THE FAM, BUT DO WE KNOW THEM 100%? HERE ARE SIGNS THAT YOUR PET MIGHT BE LIVING A SECRET LIFE WHEN YOU'RE NOT AROUND.

SECRET LIFE SIGN #1: VEGGIE BANDIT

While cooking lunch, your mom suddenly claims that her pack of carrots in the fridge suddenly vanished. Maybe she just misplaced it somewhere. Waaaait...is your cute li'l pet bunny munching on something?

SECRET LIFE SIGN #2: I SMELL SOMETHING NUTTY

A peanut butter sandwich has always been your fave nosh. But wait, where's the spread? And are those dog paw prints on the floor? That silly dog strikes again! *Major facepalm*

**I HAVE
RESTING
CAT FACE.**

SECRET LIFE SIGN #3: MUSIC IS LIFE

You always leave the radio on to help your cat fall asleep. His fave songs are classic Broadway, but after an hour, you wake up to the sound of 5 Seconds of Summer's "Permanent Vacation." Maybe mom changed it? Oh wait, mom's not even home.

SECRET LIFE SIGN #4: LITTERED INBOX

Isn't it weird that you often find your PC covered in fur? Soon you notice that you have a bunch of e-mails about the latest dog newsletters in the metro. Pooch hacked!

SECRET LIFE SIGN #5: GAME ON!

You always find your phone in your furball's go-to spot. When you grab your phone, you notice that your fave gaming apps are all open and all your in-game currency was spent. Boohoo!

SECRET LIFE SIGN #6: BIRD WATCHING

You took a pee break while watching an exciting NBA game, and upon your return, the channel has been switched to Discovery Channel's Man vs. Bird. There's no one in the room... except your pet bird perched on the sofa. Oh snap!

I'M GONNA PRACTICE BELTING OUT MY NEW SONG ALL NIGHT LONG!

Round up the other roomies and team up to soundproof the walls of Goat's room. Goat is a budding musician, so she's gonna need all the practice she can get by staging a mini concert in her room. Also, you can feed her fudge bubbles so she'll take a break from jamming. #PeaceAndQuiet

Rise To The Challenge

Level up your Spidey skills by scaling the walls of Climb Central Manila!

Last one to the top is a stinky butt!

What is wall climbing?

Indoor climbing is a type of rock climbing that's done inside a gym and on a man-made structure. In true #beastmode fashion, the wall is supposed to mimic the experience of the great outdoors.

I can do this all day, bruh.

Safety First!

Before you get your climb on, take note of these safety tips!

- 1** Make sure that your harness is tight. You don't wanna risk slipping outta the harness while you're dangling in the air and about to come down.
- 2** Listen carefully to the instructor during the safety briefing. He/she will teach you how to lock your harness to the carabiner (the metal loop), and belay (the technique used by climbers to add and tension to the rope while going down). These are the most important things to remember.
- 3** Keep calm and don't panic. If you experience trouble while climbing, don't squirm. Instead, tell your pal or instructor the problem.

Climbing 101

Stuff you gotta bring and more reminders:

 You can't climb those walls barefooted, bruh. (Ouch!) You can bring your own wall-climbing shoes or you can rent a pair from the venue.

 Whenever you're doing sports activities, always bring bottled water to keep hydration levels up.

 Comfy tees and knee-length shorts are the choice threads for easy peasy climbing.

 There's no point in trying out new things if you're not having fun, man. Make sure to be active while having one heckuva time with the squad or fam. Climb on!

Are we there yet?

MYSTERY MEALS MONDAYS

What's on the menu? Kids!

"Oh no, I forgot my lunch!" Harry said in a panic, frantically rummaging through his backpack. He sighed, holding up a moldy banana peel. He dreaded cafeteria food. The lunch lady seemed to make horrible food on purpose. He remembered last week's stew that tasted and smelled like sewage. He shuddered, falling into step with his best friend, Victor, as they both headed to the cafeteria.

"Beware of today's mystery meal," Victor uttered in a spooky voice. Cackling, he veered off to look for a table for them. Harry grabbed a tray and fell in line, sliding it along the metal rail. He wrinkled his nose, anticipating the sewer smell to hit his nostrils. Instead, a delicious aroma wafted through the air. Come to think of it, the whole cafeteria smelled like vanilla, butter, and chocolate chip cookies.

Harry's eyes widened as he saw a mountainous pile of double chocolate chip cookies waiting at the end of the line. "What would you like for lunch today, sweetie?" Harry tore his eyes away from the sweet treat and turned to see a beautiful young woman smiling at him in place of the elderly dour expression that would often greet him.

Looks like they hired a new lunch lady, he thought. "Um, th-th-

Grimacing, he took a mouthful of it. His eyes nearly popped out of his head. "Wow," he exclaimed. It was the best food he had ever tasted!

All over the cafeteria, the new lunch lady's food elicited the same reaction from students and teachers alike.

"I'll buy lunch here again tomorrow," Harry grinned at Victor, who nodded, his mouth full of the same mystery meat.

From then on, Harry looked forward to lunchtime. His favorite meal was that mystery meat he had eaten on the first day of the new lunch lady. He discovered her name was Flora, and she was the prettiest, nicest woman he'd ever seen.

"Hi!" She waved at him, her red nails, shimmering under the cafeteria's fluorescent lights. "Since it's Monday, your favorite dish is on the menu," she smiled, flashing her dimples. He blushed, silently took his food, paid, and joined Victor at their table.

"Have you heard? Charlene from the other section is missing," Victor said, his lips puckering as he pointed them toward a huddle of girls at another table. They all looked worried. Harry glanced around. Even the teachers at their own table looked anxious as they talked quietly amongst themselves. "What happened?" Harry asked. "They say she was last seen here at school yesterday. Her parents arrived to pick her up during dismissal. They had her paged over the speaker, but she never turned up. The principal even organized a search party to look for her," Victor answered. "They even brought the police in, but Charlene was nowhere to be found. They think she snuck out during class and got lost outside in the streets," Victor pierced his food with a fork.

Harry frowned, spooning some meat into his mouth. His eyes widened, but it wasn't because the food was delicious. It was because he started gagging. Something hard was lodged in his throat. With a strong cough, he was able to spit it out. The object landed on the table in front of them.

It was a human fingernail.

Harry was dumbfounded. Flora cooked everything and this did

not look like one of her nails. It was too small and looked like it belonged to someone his age. Secondly, Flora had red nails. Thirdly, and most important of all, she had a complete set of nails.

So whose nail was this? How did it get into the food?

"OMG!" A girl from a lower grade yelled, pushing her plate away. Harry saw something bulging from the mystery meat. It was round, with bits of white...an eyeball!

All over the cafeteria, people were screaming in disgust and horror. Harry glanced at Flora. She was laughing. Suddenly, he noticed the redness of her lips, and how long and sharp her teeth were. He immediately got a flashback of that time when his *yaya* told him tales about creatures who look human but could transform into monstrous figures at whim. They mix human parts into food and entice their victims into tasting their cooking so they would turn them into creatures just like them.

Aswang! Harry thought in terror. Suddenly, he knew why Charlene was missing.

Big, black wings unfurled from Flora's back. She wheezed, choked, and snarled. A long, pink tongue uncurled from her mouth. Its tip fell with a sickening plop on the floor. Her nails grew several feet long, and cracks could be heard as her spine bent into a weird angle. Her nostrils flared, growing into cavernous holes. Her pretty eyes grew smaller until they were black. She surveyed the scene, crouching down with her hairy limbs on all fours.

Gasp! Gag! Everywhere, people were either clutching their backs or clawing at their throats. They were falling to the floor, rolling in inexplicable pain.

"Help!" Victor screamed as bony wings sprouted from his back. As Harry felt his throat close up, all he could think of was meat. Not the mystery meat. But scrumptious, delicious human meat. His new favorite treat.

that," he stammered, shakily pointing at the grayish brown slab of meat. She cheerily placed the food on his tray then added two cookies before she waved him to the cashier.

Harry returned to their table and plopped his tray down. He raised a forkful of meat at eye-level and looked at it with suspicion. It was lumpy, studded with what looked like peas, carrots, and other unidentifiable things.

Hey, you sunshine-y unicorn cat! You're adorkable and thoughtful, just like the chubby and bubbly Pusheen. You proly have lots of friends because you totes get along with everyone you meet. Good job spreading smiles!

IF YOU ANSWERED MOSTLY Bs, YOU'RE LIKE GRUMPY CAT!

You're hard to impress and constantly in a bad mood like Grumpy Cat. Your favorite words are probably "no" and "ugh," and you prefer the company of, well, yourself. Your biggest pet peeve is when you're complaining about something but your fam still thinks you're adorbz.

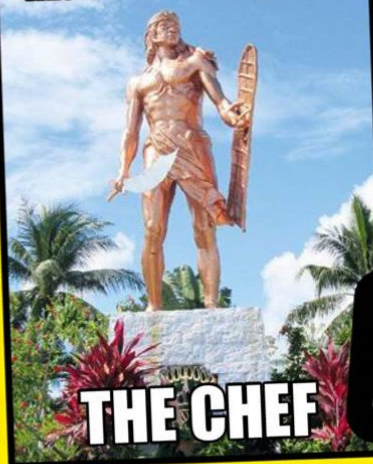

IF YOU ANSWERED MOSTLY Cs, YOU'RE TUBBS!

You believe that the secret to happiness is lotsa rest and an abundance of yummy noms. We bet you sneak into the kitchen to grab a midnight snack but "accidentally" eat all the contents of your fridge. That's fine, bro. No judgments. (We totes do that, too.)

WHO IS LAPU-LAPU AFRAID OF?

SPORTING EVENT OF THE

42 SPORTING EVENTS? WHERE DO I START?

The biggest Olympic sporting events are **Track and Field**, **Gymnastics**, **Volleyball**, and **Swimming**. Which ones are you looking forward to watching, bro?

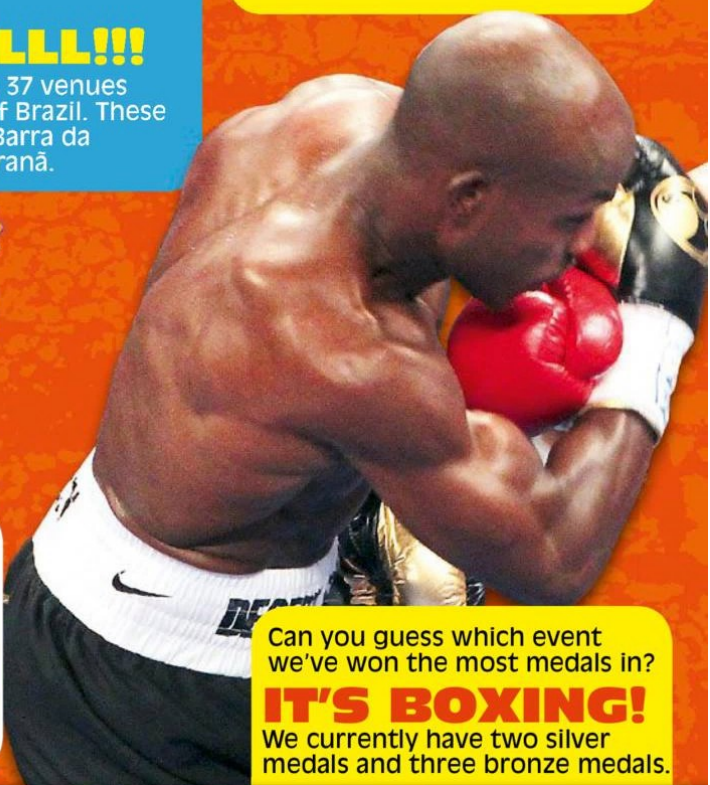

Throwback time: Two years ago, Rio de Janeiro was home to the **FIFA WORLD CUP**, where Germany defeated Argentina 1-0.

THIS IS BRAAASIILL!!!

There will be 306 events in 37 venues across different districts of Brazil. These districts are Copacabana, Barra da Tijuca, Deodoro, and Maracanã.

Vinicius and **Tom** are the official mascots of the Rio Olympics. They represent Brazilian flora (Tom) and fauna (Vinicius). According to their backstories, they were both born from the happiness of Brazilians after knowing that Rio will host the Olympics.

Can you guess which event we've won the most medals in?

IT'S BOXING!

We currently have two silver medals and three bronze medals.

**KNOWLEDGE BEFORE THE BIGGEST

DID YOU KNOW?

Manny Pacquiao has been invited to compete at the Rio 2016 Olympics, but declined because he needs to "prioritize his legislative duties."

BRING HOME THE BACON, ER, MEDALS!

This year, Hidilyn Diaz is representing the country in the sport of weightlifting. She's only 127 lbs., but she can lift twice her body weight! Talk about a Filipino She-Hulk! She qualified for the Olympics by winning three bronze medals last year in three separate weightlifting events. Girl powah!

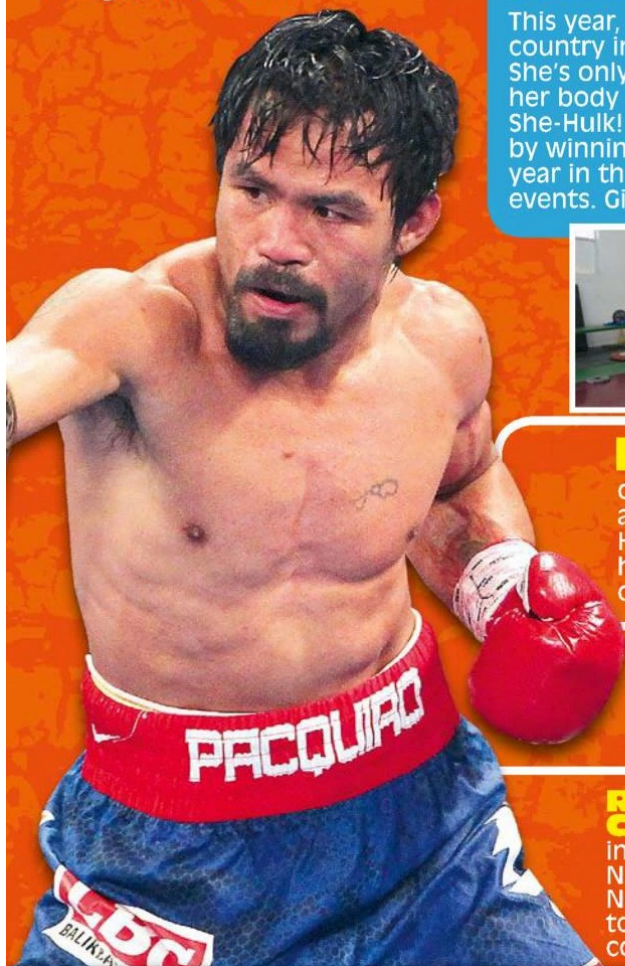

ERIC CRAY is

one of our crazy awesome athletes for Track and Field. He's an American citizen, but he qualified to compete for our country. #PINOYPRIDE

ROGEN LADON AND CHARLY SUAREZ are

international gold medalists from Negros Occidental and Davao del Norte respectively. They are looking to one-two punch the other countries in boxing!

LIFE HACK

HANDY DANDY LEFTY

TOUGH TECH

May the lefty odds be ever in your favor.

• **LEFTY PC MASTER RACE:** Use a computer mouse instead of a trackpad so that your dominant hand is free to jot down notes while you're pointing and clicking. Take that, righties! Multi-tasking FTW!

• **SET IT UP:** When gaming, always check the controller setup menu to see if there's a special configuration for lefties. If not, hey, you could prolly still rock the game since your dominant hand controls the directional buttons/analog stick.

GET A GRIP

How do you wield your sword, er, pen?

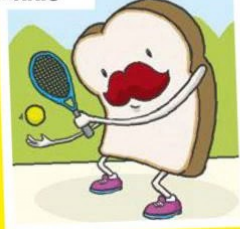

• **HOLD IT:** An alternative way of holding a pen is by doing the "hooky" where you're twisting your arm so that it looks like a hook. You'll deffo be sketching your way to awesomeness in no time!

SOUTH PAW SPORTS

Still can't decide what P.E. sport to take this school year? We've got ya covered. Here are sports that lefties can excel in since they can throw or swing at a different angle. You're welcs!

TO DEAL IN
A RIGHTY-

WORLD.

EAT'S ALL GOOD

We help ya lefties nosh right!

• STRATEGIZE YOUR NOMMING LOCATION:

To avoid clashing utensils and chopsticks with your seatmates and other diners, make sure that you're sitting on the left side of your companion. (Especially if you're eating with chopsticks.) Even better, choose a corner of the resto that will help you avoid knocking elbows with someone else.

• THE LEFT CUT:

Hold the knife with your left hand so that you'll have an easier time cutting up food (and don't forget to ask an adult for help).

• BASEBALL/SOFTBALL

• FENCING

• BOXING

WRITE ON!

Some top tips for lefty scribblers.

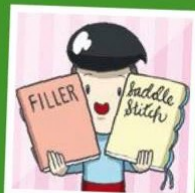

• SWITCH AND ACCESSORIZE:

It's time to break dem rules! Don't follow tradition. Wear your watches/bracelets on your non-dominant hand (the right hand) so that you'll have an easier time writing.

• **ANTI-SMUDGE STEEZ:** Use a rollerball type pen because it dries quicker than other pen inks. As for shiny lead smudges, try a mechanical pencil instead. (Look, ma! No smudges!)

• NIFTY NOTEBOOKS:

Use either filler-type notebooks or saddle-stitched notebooks (A.K.A. no wires) to avoid difficulty in jotting down notes. If you absolutely have to use a spiral-type notebook, then start writing from the back.

• THE RIGHT LEFTY WAY:

Try angling your paper to the left corner so you can move from left to right without straining your wrist.

• **GLOVE ON:** Why not try using a specially made lefty glove that prevents smudges? (It looks kinda cosplay worthy, too!)

GEEKS, ASSEMBLE!

In celebration of their 15th anniversary, ToyCon joined forces with FanXperience and POP Life Entertainment to bring y'all the biggest toy convention yet. From Tsum Tsums to Transformers, ToyCon 2016 was jam-packed with all of our fave pop culture characters!

EXCELSIOR!

One of the biggest highlights of the event was the Skype call with Stan Lee. Here's a quick Q&A:

Q: If you could be any of the superheroes you created, who would you choose and why?

A: Tony Stark, because he's so rich!

Q: You've had the chance to work with many Filipino talents who have drawn for Marvel Comics. Who do you remember most fondly?

A: Whilce Portacio. He worked on *X-Factor*, *Iron Man*, and *Uncanny X-Men*.

Q: Can we expect new cameos in future movies?

A: Of course! I'll be in the next *Guardians of the Galaxy* movie, and my scene is going to be an earth-shattering event!

MARVEL MANIA

Visitors were lucky enough to view Stan Lee's private collection of Marvel memorabilia A.K.A. The Excelsior! (meaning "superb and ever upward") Exhibit. It was full of signed posters, vintage comic books, movie props like Thor's Mjölnir and Tony Stark's arc reactor, and a huuuuge statue of... Stan Lee. Because why not?!

STEP 2: GET YOUR HEAD IN THE GAME

Draw two thin lines for his eyebrows. Form his eyes using circles and ovals. His eyes are shaped like leaves. Next, draw his L-shaped nose, and below it, sketch a short, curved line for his mouth. Use curved lines to draw his visible left ear, and straight, pointy lines for his hair and jaw.

STEP 1: BALL IN'

Lightly sketch the form of Kageyama using a pencil. Draw circles for his head and the ball, and cylinders for his body, arms, and legs. Add a horizontal line on his head to mark the eye line.

STEP 3: SCHOOL SPIRIT

For his uniform, sketch his collar and v-neck first. Draw two pairs of lines that stretch from his collar to his armpits. Draw a footprint logo on the upper right side of his jersey, Japanese kanji symbols on the left side, and a big number nine printed in the middle. Add details to the bottom and sides of his shirt using straight and curved lines.

STEP 4: BALL IS LIFE

Draw a cylinder for his bent right arm, thin ovals for his fingers, and a curved line to accentuate the sleeve of his shirt. Next, sketch the ball's design using curvy lines. Finally, add his left arm, fingers, and shirtsleeve using the same shapes as the right arm, fingers, and sleeve.

HOW TO DRAW

KAGEYAMA

*Artist based his drawing on the character from the Haikyuu!! anime series

STEP 5: LEG UP ON THE COMPETITION

Add details to Kageyama's shorts using long and short lines. Draw his left and right thighs, kneepads, lower legs, and ankle socks using squares and cylinders, and his shoes using an oval with a criss-cross pattern for the laces and an X design on the side.

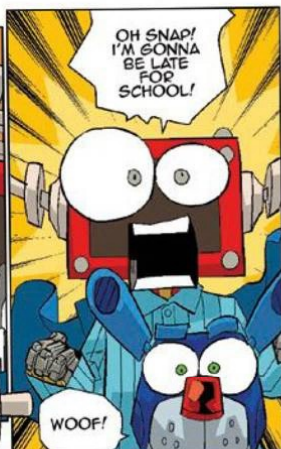

STEP 6: READY TO PLAY

Trace over all your pencil marks using a pen. Once the ink has dried completely, erase all your pencil marks and add color. Kageyama's hair, eyes, uniform, kneepads, and shoes are black, while his skin is beige. His uniform also features orange sections on the sides and on the collar area. His uniform's trimming is white. Finally, the ball is white with red and green designs. Use different shades of color to add depth to your art. Game on, Kageyama!

Mhalou Villegas

How can I access the Survival Area from the Battle Area in *Pokémon Pearl*?

In order to find the Survival Area, you must first reach Route 225. From the Battle Area, head to the docks, then take the path heading north. (Bonus tip: you can nab the Super Rod here!) Enter the gatehouse and fight your way out of there to get to the Route 225 and follow the path to the Survival Area.

DYK? Barry's losing quote, "Don't get cocky, kid! This isn't over yet!" is a reference to a similar line said by Han Solo and Princess Leia to Luke Skywalker in *Star Wars*.

TIP TRIP

Hit the pause button, bros 'coz Kid Crew Gat Navarro has a tip for all you *Terraria* players.

GAT

Placing Water Candles around your map and using a Battle Potion will increase your chance of finding a Broken Hero Sword. You're gonna need this sword for crafting weps like the True Night's Edge and True Excalibur. Combining the two swords will give ya an even more powerful wep called the Terra Blade.

READER REVIEW

Grant Abriel Amandy tells us why *Growtopia* grew on him!

GAMEPLAY

"*Growtopia* is a game that's similar to *Minecraft* and *Terraria*. It's an open-world sandbox game, so that means you get to do whatever you wanna do!"

GRAPHICS

"The game's graphics are 16-bit, so expect to see lotsa pixel goodness on the screen."

REPLAY

"You can build anything and grow trees that'll eventually give you cool items. The game also implements a lock system which allows you to solely own an area (or even a world!) in the game."

SOUND

"The sound effects of the game are a mix of 16-bit and MIDI music."

OVERALL

"It's fun to play, but other players can outsmart you and steal your stuff. You have been warned, KZers!"
